

So far the World Space modeling competition in the Ukraine is really interesting and a challenge for all involved. The host nation is doing a really terrific job with providing live coverage of the events and celebrations as they happen.

There is a web site to review the daily results:

<http://cupnavigator.com/coach/sportEvent/view/id/911#results>

I have been able to finally get somewhat educated to their process. Here are the results and standing for the events that took place on August 24<sup>th</sup>, 2016:

The events for Day One:

S2 P Junior: Payload Altitude
